**TRACEABLE
JOURNEY**

WHO WE ARE

- Pakistan's leading integrated aquaculture enterprise.
- Pioneering shrimp farming using biofloc technology.
- Focused on innovation, sustainability, and empowerment in aquaculture.
- Part of Pakistan's Blue Economy vision.

MISSION: TO ADVANCE PAKISTAN'S AQUACULTURE SECTOR THROUGH SUSTAINABLE SHRIMP FARMING, INNOVATION, AND COMMUNITY-DRIVEN GROWTH.

VISION: BECOMING A GLOBAL BENCHMARK FOR QUALITY AND SERVICE EXCELLENCE.

COMPANY ROADMAP

1940s: Land originally used for salt production by Mr. Fawad Anwar (*Alkaram Textiles*)

Vision Reimagined: Transition towards sustainable aquaculture

Innovation Begins: Shrimp farming introduced on former salt plains

Rising Through Challenges: Early setbacks transformed into key breakthroughs

Today: Dhabeji Aqua Foods stands as a national pioneer in intensive shrimp farming

With 6 active ponds, harvest was achieved in 80 days of culture (DOC) with approximately

**15 MT
IN 2024**

With 12 operational ponds, Dhabeji Aqua Foods achieved harvest in 100 days with approximately

**40 MT
IN 2025**

COLLABORATION & PARTNERSHIP

In **2025**, Dhabeji Aqua Foods signed an MoU to develop a **shrimp farming site in Balochistan**.

- The site will include **300** ponds designed for a **super-intensive shrimp farming system**.
- The projected annual production volume is **4,800 metric tonnes**.
- Dhabeji Aqua Foods has also planned to establish a **shrimp hatchery in Balochistan** to support sustainable seed production and strengthen the region's aquaculture development.

MOU SIGNING WITH BALUCHISTAN GOV'T

(10)

OUR CEO ASAD FAWAD FORMALLY SIGNED THE LETTER OF COMFORT WITH THE SINDH ENTERPRISE DEVELOPMENT FUND (SEDF) FOR MARK UP SUBSIDY SUPPORT ON OUR UPCOMING PROJECT IN DHABEJI, SINDH.
